

WHAT IS THE.....

GRAPHEX Insulated Façade System?

Our premium Insulated cavity based, rainscreen Façade System coated with our reinforced render system applied over our exclusive GRAPHEX Insulation panels.

Modern architecture places tremendous demand on the building envelope. The GRAPHEX Insulated Plaster Façade System offers a lightweight, complete thermal barrier to the weather extremes' which will keep your home cooler in summer and warmer in winter in a cost effective manner all the while protecting the structure.

Proven Technology

The GRAPHEX Insulated Façade System incorporates GRAPHEX Insulation panel installed over the time tested cavity construction method along with our exclusive EdgeSeal flashing technology. Protected with our lamina of hand applied modified renders, fibreglass reinforcement all finished with your choice of texture from our wide range incorporating 'genuine' Resene colours.

Attractive and Durable

This System carries our written 15 year Performance Guarantee, and 5 year Workmanship Warranty from your qualified LBP Registered Plasterer. The GRAPHEX Insulated Façade System includes our premium OnSite Assistance programme providing surety of performance from installation to finish.

System Features:

- Drained Rainscreen Façade System
- Hand Plastered
- Registered LBP plasterer application
- Performance Guarantee
- Patented EdgeSeal window flashing suite
- Thermal barrier
- 'Genuine' Resene Colour Range
- Technical OnSite Assistance
- Weathertight tested (BRANZ)
- BRANZ Appraisal #633
